Presenting ... **SlyBroadcast**

Ask your clients... “Want to get your voice heard in seconds to your entire database?” Then, encourage your clients to send out Slybroadcast to their sphere of influence. It's the fastest way to get your voice heard in a very simple process.

All they have to do is visit www.Slybroadcast.com and let them know there is a small fee for the service.

How does it work?

Simply record a message and upload the list of phone numbers you'd like to reach. Then, set the Caller ID, schedule a day and time and click submit! Your message will be delivered directly to their customer's voice mailbox.

Add this golden nugget to your check list as well!!

This is even a great tool for you to use, check it out!!!
