## 3D Pop Up Card

New solutions vs. Old solutions, both play a vital role in our day to day growth. New solutions are shiny, bright and easy to talk about. They bring value, enhancements and directions not easily foreseen by our loyal clients. Old solutions bring stability, reliability, and proficiencies especially if it's been around for years. As an Elite Club member, you get a first look at Corefact's new products and how they've evolved year after year to offer new solutions for our clients.

Corefact has been one of FNTG's most stable lead generating business solutions for many years. Corefact has brought customized postcards with 3 very important factors, 1. Geo mapping, 2. Call to action, and 3. Lead generation portals to follow up, lender door hangers, newsletters, A frame yard signs, single property website, and the Elite campaign series. They have updated and evolved with the ever-changing times. Well, they did it again. You are the first to see "What's New"... Introducing the 3D POP UP Card.

The Marketing, Open House and Sold cards are customizable via image and/or text. Just upload your own image or write you own text.
